ADVENTURE
YACHT HARBOR

DAYTONA BEACH, FL

Happy Valentines Day to you and yours! We hope you make the season special and enjoy our beautiful Florida weather. Score big points by taking your valentine for a boat ride!

Charlie, Sheryl, Mike and Allen

**Red sky in morning,
Sailors take warning,
Red sky at night,
Sailors delight.**

We delight ourselves time and time again here at Adventure Yacht Harbor as the setting sun puts on a glorious show to the west. Who knew dust particles could make us so happy? The scientific explanation is: Dust particles in front of the setting sun indicate dry air coming. Red sky in morning means dust has passed by and moist air will follow.

The Good Sam Law

A Good Samaritan, named after the Samaritan passerby in the bible story who helped a man in need (Luke 10:30-37), is defined as "a **compassionate person who unselfishly helps others, especially strangers**".

In boating, we are all familiar with the time honored act of kindness of tossing a rope to a disabled vessel. With this Good Samaritan act of assistance, you are not liable for damages if done in good faith. However, if you accept money for your assistance, you are no longer covered from liability under the Good Sam Law.

"The smallest act of kindness is worth more than the grandest intention."

Newborn Manatee

The Florida manatee is a native species found in many of Florida's waterways, moving freely between fresh, saline and brackish waters. The known life span of manatees is over 65 years, with female manatees giving birth to one calf every 2-3 years starting at age 5. Recently we observed a birth just outside the Harbor Office! She was named "Adventure" :-)
