

# The Scuttlebutt

July 2017

Summer seemed to start early this year, with the first day of summer hardly making an impact. But we are in for a nice few months of this, so hang on! The fishing and boating have been good, so come give us reports!

Charlie, Sheryl, Jeff & Steve

Our Charter boat line-up is looking strong these days at Adventure Yacht Harbor. If you have guests visiting, or just want to enjoy the ride, be sure to contact one of our Charter Boats for a nice day out on the water! For fishing, anything goes! Inshore fishing is great fun when catching flounder, pompano, redfish and mangrove snapper. Or offshore, try trolling for mahi, tuna, sailfish, swordfish, marlin, wahoo & kingfish, or bottom fishing for snapper, grouper, cobia, triggerfish, seabass, flounder, amberjack & bonita. If cruising is more your style, enjoy an informative, hands-on sailing trip or a party at Disappearing Island, an eco-wildlife cruising, catching a sunset, or burial-at-sea ceremonies. Your name it, we've got a trip for you!

## BE PREPARED FOR HURRICANE SEASON

YOUR BOAT IS YOUR RESPONSIBILITY.

Hauling your boat at the boatyard, or trailering to your backyard is your best defense, and ours.

Other precautions include:

- Secure all compartments
- Wrap or stow canvas.
- Fully charge all batteries and test.
- Verify all bilge pumps are operational on automatic and self bailing hulls are cleared from debris.
- Check to ensure all fuel caps are snugged down tight.
- Remove all loose gear from the boat and dock.
- Verify your boat is full of fuel.
- All hatches should be secured.
- All water tanks should be full.
- In-water vessels – Have dock lines doubled and secured to the dock poles at a height for all tidal swings with full chafe gear installed.
- Lift vessels – **All boats on lifts should be removed if at all possible when a storm is named and approaching. It's never too early to make arrangements to haul.**
