

The Scuttlebutt

SEPTEMBER 2019

September is coming in like a lion. We hope this is the worst of our Hurricane season. Thanks in advance to everyone that prepared their boat for Dorian. At the time of this writing, we are still in the thick of it. Fingers crossed! Charlie, Sheryl, Mike and Allen

Team Adventure Takes Fishing To New Lengths

Cole and Austin Ferguson, affectionately called "Team Adventure" since their days in high school when they fished the area tournaments, are still at it! Cole had great success recently at the **4th Annual Flounder Creek Outfitters Redfish Tournament** with a 46" first place Redfish and a pocket full of cash! Congratulations Cole!!

PREPARE YOUR BOAT FOR HURRICANES

YOUR BOAT IS **YOUR** RESPONSIBILITY. TAKE CARE BEFORE BAD WEATHER ARRIVES!

- Boats will have all compartments secured and all canvas wrapped or stowed.
- All batteries will be fully charged and tested prior to storm warnings.
- Verify all bilge pumps are operational on automatic and self bailing hulls are cleared from debris.
- Cover all electronic equipment.
- Check to ensure all fuel caps are snugged down tight.
- Remove all loose gear from the boat and dock. Stow it or bring it home.
- Remove all sails, especially roller furling jibs.
- All hatches should be dogged or secured.
- **In-water vessels** – Have dock lines doubled and secured to the dock poles at a height for all tidal swings with full chafe gear installed.
- **Lift vessels** – All boats on lifts should be lifted to the highest possible safe height. Secure boats to lift poles to keep boats from swinging. Follow instructions above to secure boat.
